

WEST Birthday Party Testimonials:

“The kids had a great time and they were exhausted from playing—perfect”.

“We had a fairly large group and everyone had a chance to participate, it was smooth and everything went fine”

“My boys had a fantastic time at your facility. The staff was amazing. I couldn't ask for anything more. Very attentive and involved. They made my sons feel very special and important - which is what you want on your birthday! All the kids I spoke to said that they were having fun - even the one's that were giving the staff a hard time (some were a little rambunctious). The moment I walked in, I felt comfortable and cared for. Thank you for a wonderful time. Bravo!”

“The experience at West was great. The staff was very helpful both at the desk and on the field. The help in the party room was also very good. The activities were great and the kids had such a nice time. It was very well organized. I cannot think of anything I would change – the guests complimented on how they enjoyed the party. The atmosphere is wonderful and not a crazy rush like some party places can be. It was relaxing for those parents who stayed. Thank you for a great party experience”.

“Thank you so much for making my son's birthday so much fun. The staff could not have been more positive and enthusiastic. Not only did everyone have a great time, but I think they will all be coming back for some of the Friday night activities too! We would not have changed a thing. It is a great alternative to the typical child's birthday party”
